

CERTIFIED PROFESSIONAL ARBITRAGER & JOBBER

INTRODUCTION

Arbitrage, Spread Trading and Jobbing in equity, commodities, currency and options have become one of the highly sought occupations in Indian markets. This is particularly valid for simple graduates who would like to establish a rewarding career for themselves. CPAJ is the course designed to suit the need of individuals who are new to capital markets and who would like to build a career as a full time trader.

For any market place to prosper there has to be a good mix of speculators, hedgers, arbitrage and jobbers. Presence of all categories is important for best functioning of markets. Arbitrage and jobbers add to the depth and liquidity in market, thus helping the speculators and hedgers to enter and exit with least impact cost. With aggressive penetration of system based trading the opportunities as arbitrage and jobbers has been distributed between man and machine. A sound knowledge of concepts is required to remain competitive in the business. This course promises to provide the complete learning on the subjects with hands-on practical exposure.
