

# JOBING & SPREAD STRATEGIES

## INTRODUCTION

This course provides practical training on various arbitrage and spread strategies in the Indian derivatives market. This is relevant for existing market participants to enhance their knowledge and skill set.

## CONCEPT

This course provides a perfect platform for someone who has been in the market for some time and who would like to explore new mode of strategy based earning. A good skill set builder, this course can be undertaken by existing market participants who want to gain knowledge on arbitrage strategies, jobbing and spread trading in equity and commodities.

- Training in live trading set-up with real time market tracking & research
- Learning from active arbitragers & spread traders from Kredent Brokerage
- Course covering both the theoretical & practical aspects of trading in detail with a balanced exposure
- The course covers trading in both equity, commodity & currency spread strategies
